TUTORIAL 4

The screenshot shows the Flipkart login page in a web browser. The browser's address bar displays the URL `flipkart.com/account/login?ret=`. The page features a blue header with the Flipkart logo, a search bar, and navigation links for 'Login', 'Become a Seller', 'More', and 'Cart'. Below the header, a horizontal menu lists various product categories: Electronics, TVs & Appliances, Men, Women, Baby & Kids, Home & Furniture, Sports, Books & More, Flights, and Offer Zone. The main content area is divided into two sections. The left section, titled 'Login', has a blue background and contains the text 'Get access to your Orders, Wishlist and Recommendations' along with an illustration of a laptop and shopping bags. The right section is white and contains a form for entering an email or mobile number. The email 'ychahat212@gmail.com' is entered in the input field. Below the input field, there is a link to 'Terms of Use' and 'Privacy Policy'. A large orange button labeled 'Request OTP' is positioned below the input field. At the bottom of the right section, there is a link for 'New to Flipkart? Create an account'.

This screenshot shows the same Flipkart login page, but at the OTP verification stage. The email 'ychahat212@gmail.com' remains in the input field. The 'Request OTP' button has been replaced by a blue button labeled 'Verify'. A red error message, 'Please fill out this field.', is displayed above the 'Verify' button. Below the 'Verify' button, there is a link to 'Change' and a timer that reads 'Not received your code? 00:07'. The rest of the page layout, including the header and navigation menu, remains the same as in the previous screenshot.
